TERMS OF REFERENCE

A) Bridge Technical Support Staff

1.0 INTRODUCTION

Gandaki province was formed according to schedule 4 of the constitution of Nepal. The province was formed by grouping existing 11 districts. One district namely Nawalparasi was split between two provinces. Minister of Physical Infrastructure Development & Transport Management was established in 2074/10/28 in order to make provincial infrastructure policy, action plan, project formulation, infrastructure development and monitoring of the projects. MoPIDTM manage, construct and regulate the provincial office for making provincial policy, law, master plan, norms related with provincial Lokmarg, and other Bridge infrastructures.

Gandaki Province government, Ministry of Physical Infrastructure Development & Transport Management, has allocated fund to be used for consulting services for implementation, supervision, and quality control from hiring eligible Individual consultant (National) for consulting service on construction, supervision, quality control, and supervision of various bridges and support the Infrastructure Development Offices of Nawalpur, Gorkha, Tanahu, Lamjung, Manang, Kaski, Syangja, Baglung, Parbat, Mustang and Myagdi and also Road, Bridge and Provincial Building Office, Kaski.

The Bridge Technical Support Staff will be an Overseer having Diploma in Civil Engineering with minimum general works experience of 10 years and specific works experience of 8 years in planning, design, construction, supervision and quality control and testing during implementation of bridge projects. Bridge Technical Support Staff shall have good written and oral communication skills in English and Nepali; strong interpersonal skills and ability to work in a multi-disciplinary team; and ability to work independently.

Objectives/Purpose of the Assignment

The MOPIDTM requires the services of a qualified and experienced engineer (herein with referred to as "Bridge Technical Support Staff") to support IDOs in planning and DPR verification of bridge projects, assistance in construction supervision, quality control as well as field measurement and verification of the Interim Payment Certificate (IPC) submitted by the contractor, orient IDOs on the key areas for improvements in technical as well as contract management, also social and environmental safeguards and resettlement activities.

The consultant will prepare and provide technical inputs particularly in bridge projects in walkover survey, bridge site surveying, bridge layout works, construction site supervision, monitoring, and reporting of site activities and progress. S/he will guide and direct the other team members in overall implementation of the project. The consultant will develop effective and appropriate templates for progress records, site monitoring and other routine activities among others. S/he will work directly under the guidance and close supervision of the IDOs.

The Specific objectives of the consultancy services are as follows:

प्रदेश सचिव
